This will take place at 8.25am and is for your safety and information. All riders must attend.

### **Start:**

Riders will be started at 8.30am onwards and in waves depending on the size of the field.

## **Conduct:**

**It is important to know that this event is not a race and that you are responsible for your actions on the road.** You are subject to the Highway Code so please ride safely and responsibly at all times. Please keep to single file or 2 abreast at most if safe to do so. Please let traffic pass. There are several right turns - treat these with the utmost care. There are two particularly fast descents - the aptly-named Sharpenhoe Clappers (**60** only) and Gravel Hill between Lilley and Barton - both have T-junctions at the bottom - stay in control!

## **The Routes:**

Both routes take in some of the best scenery Beds and Bucks have to offer. The roads vary from busy A-roads to quiet country lanes. Turns will be arrowed but not marshalled. It is your responsibility to navigate the route so study the map provided and take it along just in case - there are around 70 turns on the **74**. As stated, both routes are particularly hilly for this area so prepare accordingly.

There is a roadside **refreshment stop** at around halfway. Unfortunately, there are no toilets. Cake and tea etc. will be available though. This stop will close at 1pm.

The routes split at 44 miles in Sharpenhoe. The **60** heads straight down the hill and the **74** turns right over the A6 toward Gravel Hill. The routes meet up again at Barton then head north across the A6 to Pulloxhill, Flitwick, Millbrook (careful of the speed bumps down Millbrook Hill) and Marston. The **74 turns left** for a final sting in the tail with the last big climb at Lidlington. After this there is a 2.5 mile trip down the A507 - **please take care on this section**. You'll have the pleasure of knowing you're nearly there as you sweep down past Brogborough Lake on the old A421.

Once back in Wootton you'll get a finish time and a chance for more refreshments.
